Welcome to the FIFe World Show 2015 in Malmö!

Dear exhibitors and visitors,
Dear cat lovers and friends,

It is an honour and a pleasure to welcome you to Sweden and the largest Cat Show Event of the Year! SVERAK have been on the World Show list some years ago but had to cancel because of our quarantine laws and regulations - but now, at last we are the host of the FIFe World Show! SVERAK are very proud of the amount of cats, which again is a FIFe World Show record; 1955 cats, which is an amazing number because SVERAK was founded in 1955! SVERAK celebrate its 60-year anniversary with the biggest FIFe show ever, representing more than 40 different breeds including the new breed Laperm. The only breeds missing is the Sokoke and Snowshoe.

The Breed Top-5 at this World Show is:

Norwegian Forest cat	339
Maine Coon	241
Persian	143
Sacred Birman	122
British Shorthair	113

The cats will be judged by a team of 34 International FIFe Judges representing 15 different countries and we are convinced that they will select the most beautiful cats. Only 26 cats will achieve the most desired title "FIFe World Winner 2015".

The FIFe World Show is a unique annual event, during which exclusively exhibitors from all 44 FIFe Members from the entire world can show their most beautiful cats.

This show was held for the very first time in 1990 in Munich (DE) and after that the World Show was held in different parts of Europe.

The future venues for the World Show are booked until 2025, next year it will be in Vienna/Austria (KKÖ) and then Hungary, Finland, Germany and other countries will follow.

Our exhibitors represent 29 countries/30 FIFe members and we sincerely wish to welcome all of you, we hope that you will have an enjoyable and memorable weekend during your stay in Malmö and Sweden.

I would like to dedicate this show to the SVERAK Member Clubs but also to someone who used to be very special in the Cat Fancy, our late Alva Uddin – this was her dream; the FIFe World Show in Sweden and now the dream came through!

Last but not least I would like to say Thank you to our main sponsor Royal Canin, to the World Show Team colleagues, to Sofia Granlid who made all the wonderful logotypes and all individual members working with this special show – this would have been impossible without you!

May the most beautiful cats win and Good Luck to everyone!

Annette Sjödin
President SVERAK

Important Information

The stewards will present the cat in the judge's ring!

It is the responsibility of the cat owner/exhibitor to bring the cat to the judge's ring and the assigned cage. The cats will be called upon by screens.

The owner/exhibitor must place the cat in the cage and then it will be presented by the steward and judge.

If needed, in case of large classes, BIV and nomination – the judge can ask the exhibitors to handle some cats.

When the judging is done it is the responsibility of the owner/exhibitor to bring back the cat to the show cage.

The screens will be shown in the show hall - one for each group of judges. Since they are projecting a website you can also watch it in your smart phone, tablet or lap top. It will be quite easy to see the number of the cats - just zoom it in.

You will find a link to this via www.ww2015.com. There will be different subpages - one for each set of judges. If you update the webpage frequently you will not miss the "CallOfCat" for your cat.

And yes, there is free wi-fi in the show hall.

If your cat is nominated to Best In Show...

The Best In Show will be held at Sunday.

Congratulations! You are of course overwhelmed and we want to congratulate you on the stage.

Welcome to get all the cheers!

Of course you will have a special winner photo shoot of your cat. Our hosts will guide you to Chanan's photo booth. You will, as an award, have your cat's pictures taken and get the web resolution photos for free in your e-mail some weeks after the show. The picture will be published at the World Show's website and in SVER-
AK's magazine Våra Katter.

After all World Winners are crowned - it's time to celebrate you all at the stage together with the judges. This is a special moment many of us want to have pictures of. It's a moment of joy we want to help you to remember.

Our nomination- and Best In Show Award...

You may think it's a bit strange that our award for the nominated cats, as well as the Best In Show trophy, is a horse? This is a cat show - why on earth am I getting a horse you say?

Well, take your time and you will soon know...

A Dalecarlian horse, or a Dala horse, is a traditional carved, painted wooden horse statuette originating in the Swedish province Dalarna. In the old days the Dala horse was mostly used as a toy for children. At the World Fair in New York 1939 a gigantic (2.80 meter high) Dala horse was present at the Swedish booth. After this the Dala horse has become a symbol of Sweden. Several different types of the Dala horse are made - but the most common and wide spread is the red horse.

It was in the small log cabins deep in the forests during the long winter nights in front of a log fire that the forerunner of the Dala horse was born. Using simple tools, generally only a knife, woodcarvers made toys for their children. It was only natural that many of these toys were horses, because the horse was invaluable in those days, as a trusty friend and worker who could pull great loads of timber from the forests during the winter months, and in the summer could be of just as much use on the farm.

The art of carving and painting the small horses quickly flourished in the 19th century, as economic hardship in the region inspired greater production of the small horses, and they became an important item of barter. Horse-making may have started as something to do during the long dark winter months, but soon the Dala horses were traded in exchange for household goods and their carving and painting blossomed into a full-fledged cottage industry. The rural families depended on horse production to help keep food on the table, as the skills of horse carving and painting were passed on from generation to generation. The earliest references to wooden horses for sale are from 1623—nearly

400 years ago. The Dala horse of today is still a handcrafted article, made of pine. The special kurbitz-pattern most of the horses have is almost 150 years old.

Sweden is also known for the glasswork and the handblown glass and crystals. We are really happy to combine those two handicrafts - the Dala horse and the glasswork. The trophy for the World Winner is a special designed glass dish with Dala horses from Nybro Crystal. There are no other dishes with the Dala horses in this size than the ones at the World Show. We had them exclusively made just for this special event.

We are proud of the Swedish traditions and handcraft - and to be able to show you a little part of it.

Fédération Internationale Féline – FIFe

FIFe was founded in 1949 by Mrs Ravel, France and can be considered as the United Nations of Cat Federations. In fact it is a federation of national members representing 42 countries – and the numbers continue to grow. These member organizations have chosen to follow the same rules with regard to the breed standards, cattery names, shows and judges. This common interest has, over the years, been consolidated to create the high standard and international reputation of FIFe.

In FIFe each year over 110.000 purebred cats are registered and over 700 shows are organized. More than 200.000 cats are showed all over the world.

FIFes members

The FIFe is composed of 43 members from 41 countries and presently has one aspiring member under patronage. The members are autonomous federation or associations which have chosen to follow the same rules with regard to breed standards, cattery named, shows, judges and student judges.

FindUs – the SVERAK pedigree book online

We in SVERAK are very proud of FindUs – the pedigree book online. All cats in the national pedigree book, as well as their known ancestors, are published. This means that you are able to see it and search wherever you are. It's official and therefore correct.

At this moment there are 396.453 cats recorded, but of course the numbers are increasing and when you read this there are even more.

These are some of the things you can see and do when you are at FindUs

- Search for a specific cat
- See its pedigree
- See registered kittens after a specific cat
- See SVERAK breeders' registered kittens
- Do testmatings
- See inbreeding

SCANDINAVIAN RAGDOLL CLUB

Målet för SRC är att långsiktigt främja en positiv utveckling för kattens status i allmänhet och ragdollen i synnerhet. Klubben verkar för att rasen hålls renrasig och frisk. Därför tilhandahåller vi bl.a. avels- och hälsoråd för klubbens medlemmar. En av klubbens målsättningar är också att verka för gott kamratskap. Samarbete och sammanhållning tror vi är väldigt viktigt, både för rasens utveckling och för att du ska trivas i vår klubb!

Som medlem i SRC får du deltaga på klubbens aktiviteter och annonsera på hemsidan. Du får 10 % rabatt på dina försäkringar hos Agria och 10 % rabatt på DNA-test hos Animal DNA.

Välkommen som medlem hos oss!

NÅGRA AV VÅRA AKTIVITETER UNDER 2016

TVÅ RAS-BEST IN SHOW FÖR RAGDOLL

2016 upprepar vi succén från i år med ras-BIS för ragdoll! För att alla ska ha möjlighet att delta arrangeras två - en i norr och en i söder!

- 23 april i Malmö i samarbete med Sydkatten
- 1 oktober i Borlänge i samarbete med Dalälvs-katten

När ett ras-BIS arrangeras bedöms alla katter som vanligt i grundbedömning och i BIV, men vid nominering nominerar domarna ragdollkatterna till separata Best in Show-paneler. Det blir alltså bara ragdollkatter i dessa sex paneler!

UTSTÄLLNINGSMENTOR

Är du nyfiken att ställa ut din ragdoll, men osäker på hur man gör? Vi kan hjälpa dig tillrätta i utställningsvärlden!

Vi har märkt att intresset för att ställa ut har börjat öka men att många nya känner sig lite osäkra på alltifrån förberedelser till att klä buren och inte minst att förstå hur det går till under en utställningsdag. För att hjälpa nya utställare erbjuder SRC nybörjarhjälp på utställning till våra medlemmar. Vi kan träffas på plats på utställningen, och om du inte kan du även maila eller ringa vid frågor inför utställning.

Birmasällskapet

**The midnight sun society
for the sacred birman cat**

Birmasällskapet bildades den 28 augusti 1976. Föreningen har under många år varit en av de största rasringarna i världen. Föreningen är rikstäckande vilket innebär att vi inte är bestämda till en viss del av landet. Vi har också medlemmar från våra skandinaviska grannländer.

The lamblike Selkirk Rex is a real treat to live with - a clumsy, witty and somewhat of an oddball companion. And what a coat! Loose curls with a soft texture, and this cat comes in two different coat lengths - short & long. This lovely breed is preliminary recognized from 2015.01.01 in FIFé.

Nordiska Rexringen

- för dig som älskar rexar!

Nordiska Rexringen bildades redan 1976 och är därmed en av de äldsta intresseföreningarna för de lockiga kattraserna. Hos oss samlas alla de fantastiska rexraserna som Cornish Rex, Devon Rex, German Rex, Selkirk Rex och La Perm!

På Nordiska Rexringens hemsida hittar du information om vad man bör tänka på när man bestämt sig för att dela sitt hem med en rex och självklart kan du också hitta din egen lilla rexpattunge hos oss. Vill du veta mer om de olika rexraserna så prata gärna med våra uppfödare på plats eller besök vår monter.

Besök oss också gärna på www.rexringen.nu

Natural is the best way to go. All cats know that.

A tasty new product containing all of the natural goodness your cat needs, available as both wet and dry food.

The natural food of cats is both wet and dry. And that's why we've developed Bozita Feline Funktion™ – a unique range of Swedish-made, top quality wet and dry foods that complement one another, containing everything your cat needs for a good, active life. The dry food is perfect as the kibbles contribute to

keep the cats teeth healthy, while the wet food completes the natural menu and ensures that your cat is well hydrated. So why not treat your cat to both wet and dry food – surely it deserves the best that nature has to offer?

I'm Vital Adult

My name is Lucky and I live with a dog and a Human in a house by a river. I don't like water but I sometimes stroll down to the woods on the other side. My Human has children who play with me. When it makes me hungry, I go and have a look into my bowl. There is always food in it which smells and tastes delicious. It makes me feel great, I'm healthy and full of energy. I'm glad my Human family knows what is good for me.

Exakt vad din katt behöver

Vad betyder ordet precision för dig? På Royal Canin kommer vi omedelbart att tänka på våra 329 olika fodervarianter och det envist vetenskapliga arbete som ligger bakom vart och ett av dem. Förmågan att i minsta detalj identifiera olika behov hos våra katter och hundar – och utifrån dem skapa unika precisionsfoder. Det är ett arbetssätt som gör oss lika unika som tillverkare. Därför har vi exakt vad din katt eller hund behöver. Inget annat.
