SHOW 2023
FRANCE
Strasbourg

Bienvenue!
Welcome!
Wilkommen!

Mot du Président / Message from the President

Au nom de la Fédération Féline Française, je vous souhaite la bienvenue au FIFe World Show 2023 !

Pour la deuxième fois de son histoire, et après treize années d'attente, la FFF vous accueille dans cette belle ville de Strasbourg pour le plus grand évènement félin au monde. Hasard du calendrier, la FFF fêtera ses 90 ans dans deux mois, et nous espérons que vous partagerez cet instant festif avec nous.

Nous sommes fiers de faire partie de cette grande maison FIFé qui, par sa notoriété, est capable de rassembler dans un même lieu près de 1400 chats venus de presque toute la planète. Vous aussi, vous pouvez être fier de participer au concours qui élira les plus beaux chats du monde.

Nous espérons que cet évènement festif vous réussira, et je vous souhaite - au nom de la FFF et de tous nos membres et bénévoles venus nous aider - un très bon séjour dans ce palais des expositions flambant neuf.

Que les meilleurs gagnent !

On behalf of the Fédération Féline Française, I welcome you to the FIFe World Show 2023!

For the second time in its history, and after waiting for thirteen years, the FFF welcomes you to this beautiful city of Strasbourg for the biggest feline event in the world. By a happy coincidence, the FFF will celebrate its 90th anniversary in two months, and we hope that you will share this festive moment with us.

We are proud to be part of this great FIFé house which, through its notoriety, is capable of bringing together in the same place nearly 1,400 cats from almost the entire planet. You too can be proud to participate in the competition which will elect the most beautiful cats in the world.

We hope that this festive event will be a success for you, and I wish you - on behalf of the FFF and all our members and volunteers who have come to help us - a very good stay in this brand new exhibition center.

May the best win!

Robert Lubrano

suivi de la cérémonie de clôture
17:00 | distribution des rapports de jugement
18:00 | fin de l'exposition mondiale 2023

ONLINE CATALOGUE
CATALOGUE EN LIGNE

CHANGEMENT DE CLASSE ET DÉROULEMENT DES JUGEMENTS

Les changements de classe reçus jusqu'à une semaine avant le FIFe World Show sont normalement pris en compte dans les rapports de juge et les listes de résultats. Les changements de classe sont encore possibles le samedi matin jusqu'au démarrage des jugements, et ils devront se faire impérativement au secrétariat. Au-delà, les réclamations concernant les changements de classe ne seront pas acceptées. Il n'y a pas de reconnaissance de couleur lors d'un FIFe World Show !

Les stewards vous indiqueront lorsque votre tour viendra, via les écrans, et la liste au niveau de la table de jugement. Si l'organisation décide de faire appel à un système automatisé envoyant des SMS pour avertir l'exposant de son passage chez le juge, le secrétariat ou l'organisation ne seront pas tenus responsables si ledit SMS ne parvient pas sur votre téléphone. Il en va de votre responsabilité de vous assurer que votre chat soit présent à temps aux rings de jugements. En cas de retard, le juge aura tout à fait le droit de considérer votre chat absent, et aucune contestation ne sera possible.

Si pour une raison quelconque, vous ne pouvez pas être présent à temps avec votre chat pour le jugement, vous pourrez faire appel au steward du juge concernée pour le présenter, et des cages d'attente sont présentes de chaque côté du juge.

Les certificats seront distribués le dimanche après-midi en temps voulu à l'endroit prévu.

CHANGE OF CLASS AND PROGRESS OF JUDGMENTS

Class changes received up to one week before the FIFe World Show are normally reflected in judge reports and results lists. Class changes are still possible on Saturday morning until the start of the judgments, and they must be done at the secretariat. Beyond that, complaints regarding class changes will not be accepted. There is no colour recognition at a FIFe World Show!

The stewards will tell you when your turn comes, via the screens, and the list at the judging table. If the organization decides to use an automated system sending SMS messages to notify the exhibitor of their turn to the judge, the secretariat or the organization will not be held responsible if the SMS message does not reach your phone. It is your responsibility to ensure that your cat is present at the judge area on time. In the event of a delay, the judge will have every right to consider your cat absent, and no dispute will be possible.

If for any reason you cannot be there in time with your cat for the judgment, you can ask the steward of the concerned judge to present your cat, and waiting cages are present on each side of the judge.

The certificates will be distributed on Sunday afternoon in due time at the designated location.

Responsabilité / Liability

La Fédération Féline Française, le comité d'organisation du FIFe World Show, et les collaborateurs et bénévoles ne sont pas responsables en cas d'accident ou dommages causés par des exposants ou des visiteurs. Les conditions légales relatives à la protection et au bien-être des animaux, ainsi que le règlement d'exposition FIFe doivent être respectés. L'exposition est déclarée auprès des autorités vétérinaires de la Préfecture, et la commercialisation ou la mise en vente de chats ainsi qu'en faire de la publicité en vue de la commercialisation est interdite.

L'âge minimal des chats exposés est de 4 mois. Ils doivent être vaccinés contre le typhus, le coryza, et contre la rage pour les chats provenant de l'étranger. Tous les rappels de vaccin doivent être réalisés au moins 15 jours avant l'exposition. Si pendant le contrôle sanitaire ou pendant l'exposition elle-même, un chat présente des symptômes de maladie, il sera exclu de la salle avec les autres chats du même exposant. Un vétérinaire sera présent durant tout le salon.

Les photos des chats utilisées pour les différents visuels, roll-ups, bannières, diffusions télévisuels, etc... ne servent qu'à la promotion du FIFe World Show, et en aucun cas indique une préférence pour une certaine race ou éleveur. Les descriptions des races utilisées dans le catalogue sont basées sur la littérature trouvée sur internet et plus particulièrement sur l'encyclopédie en ligne Wikipédia.

The Fédération Féline Française, the organizing committee of the FIFe World Show, members and volunteers are not responsible in the event of an accident or damage caused by exhibitors or visitors. The legal conditions relating to the protection and welfare of animals, as well as the FIFe show rules must be respected. The exhibition is declared to the veterinary authorities of the Prefecture, and the marketing or offering for sale of cats as well as advertising them with a view to marketing them is prohibited.

The minimum age of exposed cats is 4 months. They must be vaccinated against typhus, coryza, and against rabies for cats coming from abroad. All vaccine boosters must be carried out at least 15 days before the show. If during the vet control or during the show itself, a cat shows symptoms of illness, it will be excluded from the show hall with the other cats of the same exhibitor. A official veterinarian will be present throughout the show.

The photos of cats used for the various visuals, roll-ups, banners, television broadcasts, etc. are only used to promote the FIFe World Show, and in no case indicate a preference for a certain breed or breeder. The descriptions of breeds used in the catalog are based on literature found on the internet and more particularly on the online encyclopedia Wikipedia.

C'est sur l'instigation de M^{me} Ravel, alors présidente de la FFF, que naît l'idée d'une fédération internationale européenne permettant de rassembler divers clubs ou fédérations autour d'une même bannière. Ainsi, en 1949 la Fédération royale féline de Flandre (Belgique), la Fédération Féline Française (France) et la Societa Felina Italiana (Italie) se regroupent pour donner naissance d'abord à la Fédération Interationale Féline d'Europe (FIFE). La fédération grossit et se transforme au fil du temps avec l'adhésion de clubs européens, puis s'internationalise avec l'arrivée en 1972 du Brésil pour lequel la FIFE change de nom et devient l'actuelle Fédération Internationale Féline ou FIFe.

Aujourd'hui, la FIFe est une fédération majeure dans le monde félin puisqu'elle regroupe 42 membres au travers de 40 pays différents, qui organisent environ 600 expositions félines par an. Elle met en place des règles partout respectées et partagées concernant les expositions, la formation des juges, l'élevage, tout en plaçant la santé et le bien être de nos chats au dessus des autres préoccupations.

Le nom de la FIFe est synonyme de qualité et d'unité. Elle représente les intérêts des chats universellement.

It was at the instigation of Mrs Ravel, then president of the FFF, that the idea of a European international federation was born, making it possible to bring together various clubs or federations around the same banner. Thus, in 1949 the Royal Feline Federation of Flanders (Belgium), the Fédération Féline Française (France) and the Societa Felina Italiana (Italy) came together to first give birth to the Feline Interational Federation of Europe (FIFE). The federation grew and transformed over time with the joining of European clubs, then internationalized with the arrival in 1972 of Brazil for which the FIFE changed its name and became the current Fédération Internationale Féline or FIFe.

Today, FIFe is a major federation in the world cat fancy since it brings together 42 members from 40 different countries, who organize around 600 cat shows per year. It sets up rules that are respected and shared everywhere regarding shows, judges' training, breeding, while placing the health and welfare of our cats above other concerns.

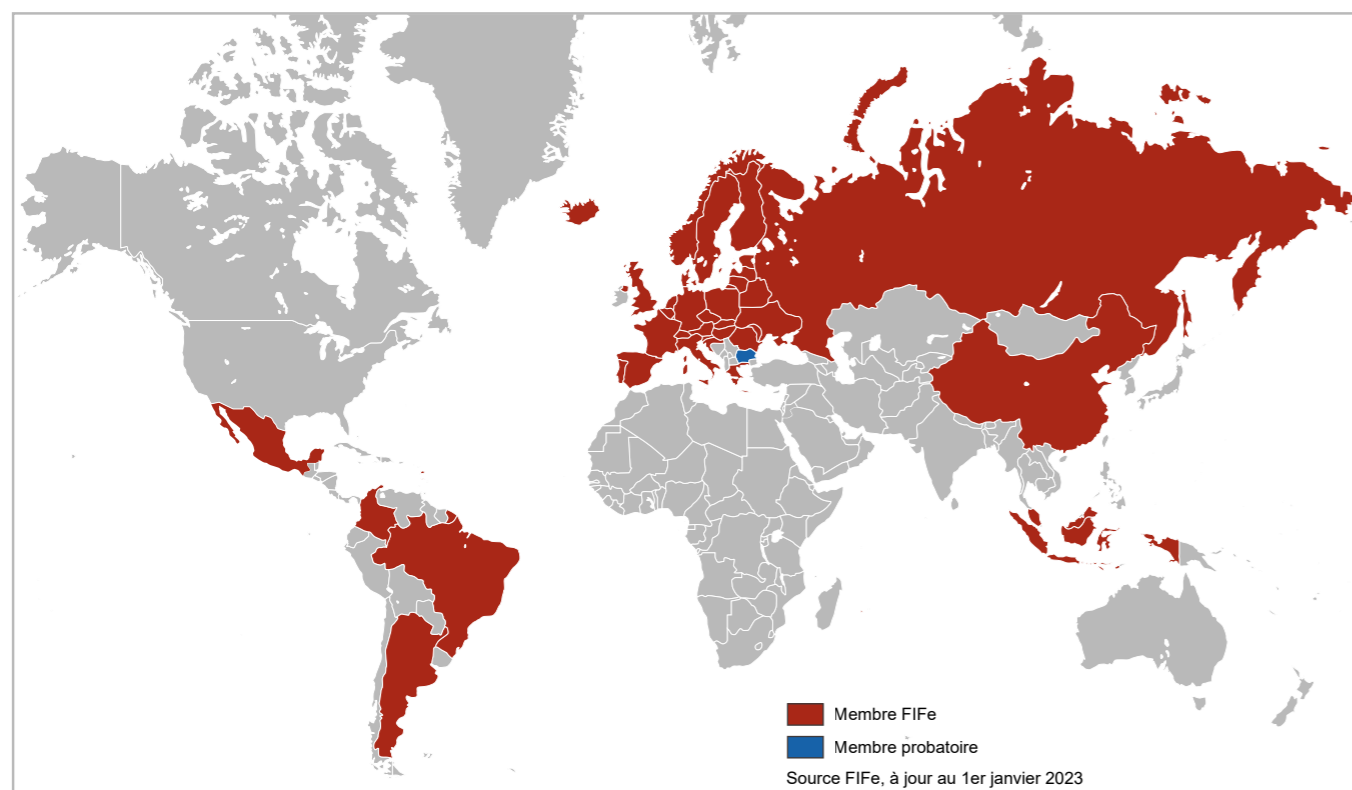

The name of FIFe is synonymous with quality and unity. Its represents the interests of cats on a world-wide basis.

Fédération Féline Française (FFF)

Il faut faire un bond dans l'histoire et remonter jusqu'en 1928 pour la création du premier livre des origines par la Société Centrale de France. Elle est rejointe en 1929 par le Cat Club de Paris et des Provinces Françaises ainsi qu'en 1931 par le Cat Club de Champagne. Ces trois clubs ressentent l'intérêt de créer une entité capable de les fédérer et de les représenter auprès des instances nationales et internationales.

C'est ainsi que naît officiellement le 30 décembre 1933 la Fédération Féline Française ou FFF, fruit de la collaboration de ces trois clubs, puis rapidement rejoint par les Sociétés du Chat Persan, de l'Européen, du Siamois et de la Société Féline de France. Son président fondateur est M. Maurice Guingand. Certains clubs disparaîtront ou changeront de noms, d'autres clubs régionaux et de races viendront grossir ses rangs au fil du temps.

La FFF, sous l'impulsion de sa présidente de l'époque Mme Marguerite Ravel, s'illustre également en créant la Fédération Internationale Féline plus connue sous le nom de FIFe en 1949.

Aujourd'hui, la Fédération Féline Française regroupe :

- 8 clubs régionaux qui organisent chaque année une vingtaine d'expositions partout en France,
- 11 clubs de race qui animent et font la promotion des races au travers de spéciales, séminaires, etc...

We must take a leap in history and go back to 1928 for the creation of the first pedigree book by the "Société Centrale de France". It was joined in 1929 by the "Cat Club de Paris et des Provinces Françaises" as well as in 1931 by the "Cat Club of Champagne". These three clubs feel the interest in creating an entity capable of unifying and representing them to national and international bodies.

This is how the "Fédération Féline Française" or FFF was officially born on December 30, 1933, the result of the collaboration of these three clubs, then quickly joined by the societies of the Persian Cat, the European, the Siamese and the "Société Féline de France". Its founding president is Mr. Maurice Guingand. Some clubs will disappear or change their names, other regional and breed clubs will swell its ranks over time.

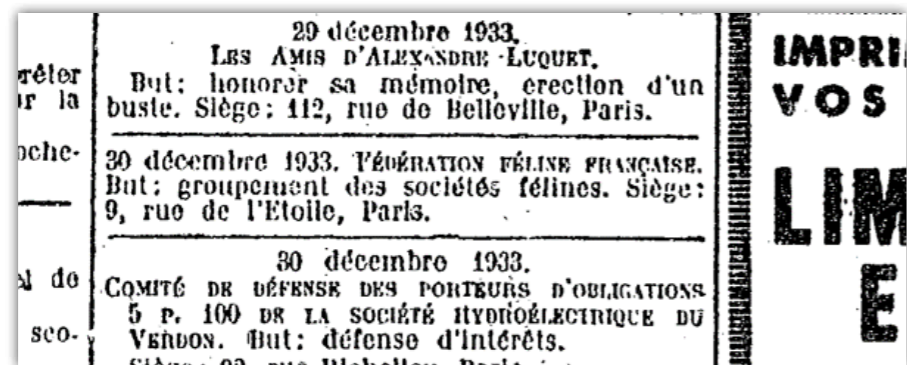

The FFF, under the leadership of its president at the time, Ms. Marguerite Ravel, also distinguished itself by creating the Feline International Federation, better known as FIFe in 1949.

Today, the French Feline Federation brings together:

- 8 regional clubs which organize an average of twenty shows throughout France each year,
- 11 breed clubs which lead and promote breeds through special events, seminars, etc.

1933...2023

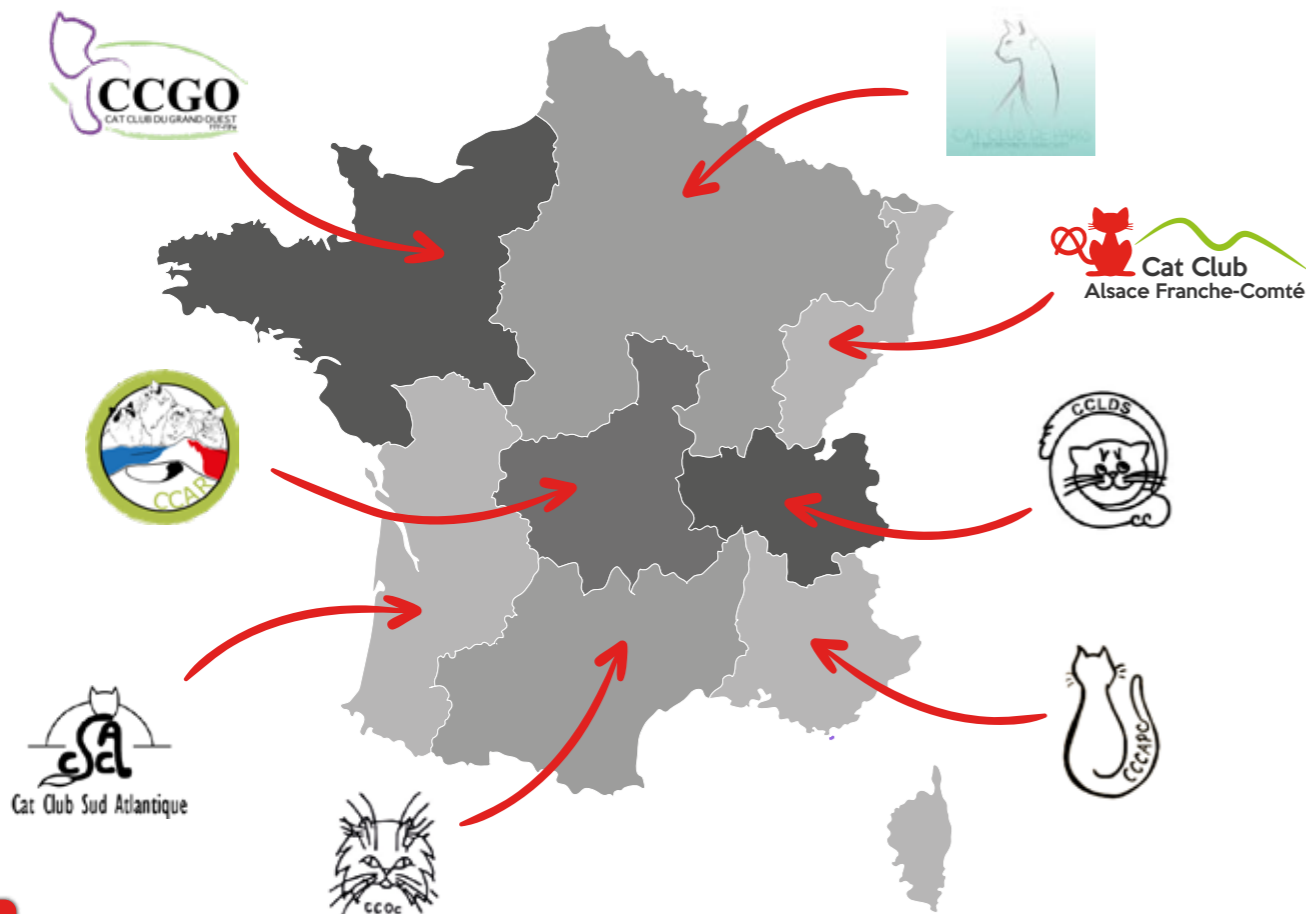

La FFF fête ses 90 ans ! FFF celebrates 90 years !

The FIFe World Show / Le World Show FIFe

Le FIFe World Show est un évènement majeur du monde FIFe : c'est une exposition féline où se réunissent environ 1500 chats venus des 4 coins du monde afin d'essayer d'obtenir le titre tant convoité de « World Winner 2023 ». Il est décerné dans chacune des catégories (1 à 4) et pour chacune d'entre elles, au meilleur mâle entier, à la meilleure femelle entière, au meilleur mâle stérilisé (ou neutre), à la meilleure femelle stérilisée, au meilleur jeune de 7 à 10 mois et enfin au meilleur chaton de 4 à 7 mois. En outre, les meilleurs chats de maison reçoivent également ce titre pour la catégorie poil court et poil long, ce qui fait 26 titres de World Winner décernés durant le week-end.

Le FIFe World Show se déroule chaque année le dernier week-end d'octobre dans un pays différent du monde FIFe, les dates étant parfois retenues plus de 10 ans à l'avance ! Seuls les chats ayant obtenu un bon résultat lors de l'année précédente, ou les chats ayant atteint le titre de Champion International ou Premior International peuvent y participer, ce qui fait dire que le niveau de la compétition est très relevé. Les chats sont jugés le samedi par le jury international composé de 24 juges triés sur le volet. Ils retiennent une première sélection des plus beaux chats qu'ils ont examinés, et ces derniers monteront sur le podium le dimanche pour l'élection des World Winner 2023.

Que les meilleurs gagnent !

The FIFe World Show is a major event in the FIFe world: it is a cat show where around 1,500 cats from all over the world come together to try to obtain the coveted title of "World Winner 2023". It is awarded in each of the categories (1 to 4) and for each of them, to the best male, to the best female, to the best sterilized (or neuter) male, to the best sterilized female, to the best young of 7 to 10 months and finally to the best kitten from 4 to 7 months. In addition, the best house cats also receive this title for the short hair and long hair category, making 26 World Winner titles awarded during the weekend.

The FIFe World Show takes place each year on the last weekend of October in a different country in the FIFe world, with dates sometimes being booked more than 10 years in advance! Only cats having obtained a good result during the previous year, or cats having reached the title of International Champion or International Premior can participate, which means that the level of the competition is very high. The cats are judged on Saturday by an international jury made up of a specially selected 24 judges. They nominate a first selection of the most beautiful cats that they have examined, and these will climb onto the podium on Sunday for the election of the World Winner 2023.

May the best win!

Située à la frontière de la France et de l'Allemagne, Strasbourg incarne l'harmonie culturelle entre deux nations voisines. Cette ville captivante est le chef-lieu de la région Grand Est et brille par son patrimoine riche, sa diversité culturelle et son atmosphère conviviale.

Strasbourg est célèbre pour sa cathédrale de Notre-Dame, une merveille de l'architecture gothique qui domine majestueusement la ville. Ses flèches élancées et ses sculptures détaillées en font un chef-d'œuvre incontournable. Vous pouvez monter jusqu'à la plateforme d'observation pour une vue imprenable sur la ville.

La Petite France, un quartier pittoresque aux maisons à colombages et aux canaux, est une autre attraction majeure. C'est un endroit idéal pour se promener, déguster des spécialités alsaciennes dans des restaurants charmants et s'imprégner de l'ambiance romantique.

La cuisine strasbourgeoise est un délice pour les papilles, avec des plats comme la choucroute, le baeckeoffe et les fameuses tartes flambées à savourer dans les restaurants traditionnels.

Pour accompagner ces délices, ne manquez pas de déguster les vins d'Alsace, renommés pour leur finesse et leur diversité.

Enfin, Strasbourg est réputée pour ses marchés de Noël, parmi les plus anciens et charmants d'Europe. Chaque année, la ville se métamorphose en un véritable conte de fées, illuminée par des décorations festives, des cabanons proposant des produits artisanaux locaux, des gourmandises sucrées et salées, ainsi que le fameux vin chaud épicé. Ces marchés de Noël, disséminés dans toute la ville, créent une ambiance chaleureuse et magique qui attire des visiteurs du monde entier.

Que vous soyez attiré par l'histoire, l'architecture, ou la gastronomie, Strasbourg est une destination fascinante qui vous séduira par son charme, sa convivialité et son riche héritage historique.

Distribution des juges / Judge division

Located on the border of France and Germany, Strasbourg embodies cultural harmony between two neighboring nations. This captivating city is the capital of the Grand Est region and shines with its rich heritage, cultural diversity and friendly atmosphere.

Strasbourg is famous for its Notre-Dame Cathedral, a marvel of Gothic architecture which majestically dominates the city. Its slender spiers and detailed sculptures make it an unmissable masterpiece. You can climb up to the observation deck for a breathtaking view of the city.

La Petite France, a picturesque neighborhood with half-timbered houses and canals, is another major attraction. It's a great place to stroll, taste Alsatian specialties in charming restaurants and soak up the romantic ambiance.

Strasbourg cuisine is a delight for the taste buds, with dishes like sauerkraut, baeckeoffe and the famous tartes flambées to be enjoyed in traditional restaurants.

To accompany these delights, don't miss tasting the wines of Alsace, renowned for their finesse and diversity.

Finally, Strasbourg is renowned for its Christmas markets, among the oldest and most charming in Europe.

Every year, the city transforms into a real fairy tale, lit up by festive decorations, colorful stands offering local artisan products, sweet and savory treats, as well as the famous spicy mulled wine. These Christmas markets, scattered throughout the city, create a warm and magical atmosphere that attracts visitors from all over the world.

Whether you are attracted by history, architecture, or gastronomy, Strasbourg is a fascinating destination that will seduce you with its charm, friendliness and rich historical heritage.

Remerciements / Greetings

Nous tenons tout d'abord à remercier nos partenaires et sponsors sans lesquels le FIFe World Show n'aurait pas lieu, mais aussi le Parc des Expositions de Strasbourg qui nous a grandement aidé dans la préparation de cette exposition. Enfin, un grand merci aux membres du comité d'organisation de la FFF qui ont préparé cette belle exposition depuis presque 2 ans, ainsi qu'aux bénévoles, conjoints, vétérinaires, mais aussi aux nombreux stands et bien sûr aux exposants qui sont venus en nombre, et à ceux que nous avons oublié...

Bref, MERCI à tous !

We would first like to thank our partners and sponsors without whom the FIFe World Show would not take place, but also the Strasbourg Exhibition Center which greatly helped us in the preparation of this show. Finally, a big thank you to the members of the FFF committee who have prepared this beautiful exhibition for almost 2 years, as well as to the volunteers, spouses, veterinarians, but also all the stands and of course the exhibitors who came numerous, and to those we have forgotten...

Anyhoo, THANK YOU everyone!

Bilan Génétique Chat

Une technologie innovante

Un Bilan Génétique spécifique de race

- Une **vision globale** du statut génétique du chat
- Maladies génétiques **pertinentes et validées** scientifiquement dans la race
- En moyenne **3 maladies génétiques et 7 caractères morphologiques** par race
- Un nouveau **Groupe sanguin génétique plus complet** et valide dans toutes les races
- Dépistage de l'allèle b à l'origine de **l'érythrolyse néonatale**

Jusqu'à 8 caractères morphologiques par race :

- **Motifs** : couleur unie, agouti, tabby (mackerel, blotched), ticked, colour point, mink, sépia
- **Couleurs** : chocolat, cinnamon, dilution (bleu, lilas, sable), ambre, copper, sunshine...
- **Longueur du pelage**

✓ Fiabilité à **99,9%**

✓ Des résultats en **7 à 10 jours**

✓ Un laboratoire **Français**

EXOTIC

L'Exotic Shorthair est une race de chat à poil court développée sur la base du Persan. L'Exotic ressemble au Persan à bien des égards, notamment par son tempérament et sa conformation, son nez et son nez court, à l'exception du pelage court et dense.

The Exotic Shorthair is a breed of cat developed as a short-haired version of the Persian. The Exotic is similar to the Persian in many ways, including temperament and conformation, a flat nose and face with the exceptions of the short dense coat.

PERSAN / PERSIAN

Le persan est une race de chats à poil long originaire d'Iran. Ce chat de taille moyenne à grande est caractérisé par son poil long et abondant, sa silhouette toute en rondeur et son visage au museau très court. Les sujets présentés en exposition sont de véritables œuvres d'art tant ils nécessitent des heures de toilettage.

The Persian is a breed of long-haired cats native to Iran. This medium to large sized cat is characterized by its long and abundant hair, its rounded silhouette and its face with a very short muzzle. The subjects presented in shows are generally true works of art as they require hours of grooming.

RAGDOLL

Le Ragdoll est une race de chat avec un pelage colourpoint distinct, et des yeux bleus. Sa morphologie est grande et lourde, et il possède un pelage mi-long et doux et soyeux. L'éleveuse américaine Ann Baker a développé les Ragdolls dans les années 1960. Ils sont surtout connus pour leur tempérament docile et placide et leur nature affectueuse. Le nom « Ragdoll » est dérivé de la tendance des chats de cette race à devenir mous et détendus lorsqu'ils sont portés.

The Ragdoll is a breed of cat with a distinct colorpoint coat and blue eyes. Its morphology is large and weighty, and it has a semi-long and silky soft coat. American breeder Ann Baker developed Ragdolls in the 1960s. They are best known for their docile, placid temperament and affectionate nature. The name 'Ragdoll' is derived from the tendency of this cats to go limp and relaxed when picked up.

SACRE DE BIRMANIE / SACRED BIRMAN

Le Sacré de Birmanie, également appelé "Birman", est un chat à poil long et colourpoint qui se distingue par un pelage soyeux, des yeux d'un bleu profond et des "gants" blancs contrastés sur chaque patte. Le nom de la race provient de son probable lieu d'origine, la Birmanie. C'est en France qu'il a été reconnu pour la première fois comme race à part entière en 1925.

The Sacred Birman, also called the "Birman", is a long-haired, colour-pointed cat distinguished by a silky coat, deep blue eyes, and contrasting white "gloves" on each paw. The breed name is derived from Birmanie, the French word for Burma, according to its probable origin. It was in France that it was first recognized as a breed in 1925.

TURC DE VAN / TURKISH VAN

Le Turc de Van est une race rare et naturelle, qui se trouvait à l'origine dans la région du lac de Van l'est de la Turquie actuelle. La race est rare et se distingue par le motif Van (du nom de la race), où la couleur est limitée à la tête et à la queue, et le reste du chat est blanc.

The Turkish Van is a rare and natural breed, which was originally found in the region of Lake Van in present-day eastern Turkey. The breed is rare, and is distinguished by the Van pattern (named after the breed), where the colour is restricted to the head and the tail, and the rest of the cat is white.

AMERICAN CURL LONGHAIR

L'American Curl Longhair est une race de chats à poil semi-long originaire des États-Unis. L'élevage commence dans les années 1980, à partir d'une chatte noire aux oreilles naturellement recourbées vers l'arrière, nommée Shulamith, recueillie par un couple de Californiens. Ces derniers ont réalisé un programme d'élevage afin de fixer la race, qui est considérée comme rare aujourd'hui.

The American Curl Longhair is a breed of cats native to the United States. Breeding began in the 1980s, from a black cat with naturally backward-curved ears, named Shulamith, collected by a couple from Californians. They carried out a breeding program in order to establish the breed, which is considered rare today.

AMERICAN CURL SHORTHAIR

L'American Curl Shorthair est une race à poil court dérivée de l'American Curl Longhair dans le sens où ils partagent tous deux le même standard de race. Contrairement aux chats Fold, les American Curls n'ont aucun problème de santé.

The American Curl Shorthair is a shorthair breed derived from the American Curl Longhair in that they both share the same breed standard. Unlike Fold cats, American Curls have no health problems.

MAINE COON

Le Maine Coon est la plus grande race de chat domestique. C'est l'une des races naturelles les plus anciennes d'Amérique du Nord, originaire de l'État du Maine où il est le chat officiel de l'État. Le Maine Coon est un chat de grande taille et social, ce qui pourrait expliquer pourquoi il a la réputation d'être surnommé « le gentil géant ». Le Maine Coon est principalement connu pour sa taille et son pelage dense qui l'aident à survivre dans le climat rigoureux du Maine. Le Maine Coon est souvent cité comme ayant des caractéristiques « semblables à celles d'un chien ».

The Maine Coon is a the biggest domesticated cat breed. It is one of the oldest natural breeds in North America, originated in the state of Maine where it is the official state cat. The Maine Coon is a large and social cat, which could be the reason why it has a reputation of being referred to as "the gentle giant." The Maine Coon is predominantly known for its size and dense coat of fur which helps it survive in the harsh climate of Maine. The Maine Coon is often cited as having "dog-like" characteristics.

NEVA MASQUERADE

Le Neva Masquerade est la race sœur ou variante colourpoint du chat Sibérien, originaire de Russie. Les marques Colourpoint sont le résultat d'un gène Colourpoint trouvé à l'origine chez les chats Siamois. On pense souvent que cette race est hypoallergénique.

The Neva Masquerade is the sister breed or colourpoint variant of the Siberian cat, which originates in Russia. The colourpoint markings are the result of a colourpoint gene originally found in Siamese cats. This breed is often believed to be hypoallergenic.

CHAT DES FORETS NORVEGIENNES NORWEGIAN FOREST CAT

Le Norvégien, également appelé Chat des Forêts Norvégiennes ou Norsk Skogkatt, est une race de chats à poil mi-long originaire de Norvège. Ce chat de grande taille est caractérisé par sa fourrure très épaisse et son allure sauvage. D'apparence puissante, sa tête est caractérisée par son profil rectiligne et son menton fort. Peut-être ramené par les Vikings de leurs voyages vers la mer Caspienne, le norvégien est essentiellement issu de la sélection naturelle du climat froid des pays scandinaves.

The Norwegian, also called the Norwegian Forest Cat or Norsk Skogkatt, is a breed of medium-long haired cat native to Norway. This large cat is characterized by its very thick fur and its wild appearance. Powerful in appearance, its head is characterized by its straight profile and strong chin. Perhaps brought back by the Vikings from their travels to the Caspian Sea, Norwegian is essentially a product of natural selection from the cold climate of Scandinavian countries.

SIBERIEN / SIBERIAN

Le Sibérien est une race de chat originaire de Russie qui serait probablement arrivé en Sibérie avec des colons. Ce chat de grande taille est caractérisé par sa robe à poil mi-long, dense, lui permettant de résister au climat rigoureux de l'hiver.

The Siberian is a breed of cat originating from Russia which probably arrived in Siberia with settlers. This large cat is characterized by its dense, mid-length coat, allowing it to withstand the harsh winter climate.

ANGORA TURC / TURKISH ANGORA

L'Angora Turc est une race à poil mi-long originaire d'Anatolie Centrale, région qui se trouve aujourd'hui en dans la province d'Ankara en Turquie. Cette race est commence à être documentée au 17ème siècle et son patrimoine génétique s'est probablement diffusé en Europe avec l'aide des marchands venus d'Asie, ce qui a donné la plupart de nos chats de maison à poils longs dits "Angora".

The Turkish Angora is a semi-long-haired breed originating from Central Anatolia, a region which is today in the province of Ankara in Turkey. This breed began to be documented in the 17th century and its genetic heritage probably spread to Europe with the help of merchants from Asia, which gave rise to most of our house cats today with longhair cats called "Angora".

Category 3

BENGAL

Le Bengal est une race de chat originaire des États-Unis. Cette race de taille moyenne à grande, par rapport aux autres chats, se caractérise par sa fourrure ressemblant à celle du Chat léopard du Bengale, une espèce de chat sauvage dont il est issu, par croisement avec des chats domestiques.

The Bengal is a breed of cat that originated in the United States. This medium to large breed, compared to other cats, is characterized by its fur resembling that of the Bengal leopard cat, a species of wild cat from which it comes, by crossing with domestic cats.

BRITISH LONGHAIR

C'est en voulant préserver la race du British Shorthair, et notamment en introduisant le gène longhair du Persan qu'est né le British Longhair. Longtemps écarté au début pour préserver le British Shorthair, ce n'est que très récemment que le British Longhair est reconnu comme race à part entière.

It was by wanting to preserve the British Shorthair breed, and in particular by introducing the longhair gene from the Persian that the British Longhair was born. Discarded for a long time at the beginning to preserve the British Shorthair, it is only very recently that the British Longhair has been recognized as a pure breed in its own right.

BURMILLA

Le Burmilla est une race de chat domestique, originaire du Royaume-Uni en 1981. Il s'agit d'un croisement accidentel entre un chaton Persan chinchilla, appelé Jamari Sanquist, et un Burmese lilas, appelé Bambino Lilac Fabergé. L'éleveuse Miranda von Kirchberg a trouvé les chatons si beaux qu'elle a décidé de les garder et de créer la race Burmilla, contraction de Burm-ese et Chinch-illa.

The Burmilla is a breed of domestic cat, that originated in the United Kingdom in 1981. It is an accidental cross between a chinchilla Persian kitten, called Jamari Sanquist, and a lilac Burmese, called Bambino Lilac Fabergé. The breeder Miranda von Kirchberg found the kittens so beautiful that she decided to keep them and create the breed Burmilla, contraction of Burm-ese and Chinch-illa.

BRITISH SHORTHAIR

Le British Shorthair est une race de chat originaire de Grande-Bretagne, descendant des chats de ferme britanniques qui aidaient les agriculteurs à se débarrasser des rongeurs. Originellement apprécié pour ses qualités de chasseur, le British finit peu à peu dans les foyers comme chat de compagnie puis atteint une forte popularité à l'échelle mondiale vers la fin du 19ème siècle. Cette race a souffert des deux guerres mondiales qui ont failli la faire disparaître mais elle a été maintenue grâce à des croisements avec d'autres chats, notamment des Persans, et la race est aujourd'hui l'une des races les plus appréciées dans le monde.

The British Shorthair is a breed of cat native to Great Britain, descended from British farm cats that helped farmers get rid of rodents. Originally appreciated for its hunting qualities, the British gradually ended up in homes as a companion cat and then achieved great popularity on a global scale towards the end of the 19th century. This breed suffered from the two world wars which almost made it disappear but it was maintained thanks to crosses with other cats, notably Persians, and the breed is today one of the most popular breeds in the world.

BURMESE

Le Burmese est une race de chat originaire de Thaïlande. Ce chat de taille moyenne est caractérisé par sa robe à poils courts et au motif sépia. La plupart des Birmans modernes sont les descendants d'une chatte appelée Wong Mau, importée de Birmanie en Amérique en 1930 et croisée avec des Siamois américains.

The Burmese is a breed of cat originating from Thailand. This medium-sized cat is characterized by its short-haired coat and sepia pattern. Most modern Burmese are descendants of one female cat called Wong Mau, which was brought from Burma to America in 1930 and bred with American Siamese.

CHARTREUX

Le Chartreux est une race de chats originaire de France. Ce chat est caractérisé par des yeux de couleur or à cuivre et un pelage court et fourni entièrement bleu. Dans les années 1930, les sœurs Léger développent la race essentiellement grâce à des sujets de Belle-Île-en-Mer. La race est reconnue en 1939. Le chartreux est au bord de l'extinction après la Seconde Guerre mondiale et des mariages avec le british shorthair ont mis en danger la race. Mais l'élaboration de critères sélectifs très précis dans les années 1980 a permis la reconstitution du Chartreux.

The Chartreux is a breed of cat originating from France. This cat is characterized by gold to copper colored eyes and a short, full blue coat. In the 1930s, the Léger sisters developed the breed mainly thanks to subjects from Belle-Île-en-Mer. The breed was recognized in 1939. The Chartreux was nearly extinct after the Second World War and marriages with the British Shorthair endangered the breed. But the development of very precise selective criteria in the 1980s allowed the reconstitution of Chartreux.

CYMRIC

Tout comme le Manx, le Cymric est originaire de l'île britannique de Man. La population féline de l'île étant isolée, une mutation génétique responsable de l'absence de queue s'est répandue en raison des croisements consanguins. Parmi les chats Manx, des individus à poil mi-long se rencontrent aussi, ce sont ces derniers qui sont appelés Cymric.

Like the Manx, the Cymric originated on the British Isle of Man. As the island's feline population is isolated, a genetic mutation responsible for the absence of a tail has spread due to inbreeding. Among the Manx cats, individuals with semi-long hair are also found, it is the latter which are called Cymric.

EUROPEEN / EUROPEAN

L'Européen est une race de chat originaire d'Europe, représentant anobli des chats communs d'Europe. Bien qu'il soit plus trapu que la plupart des chats communs européens, l'Européen est reconnu par la FIFe en 1981.

The European is a breed of cat native to Europe, an ennobled representative of the common cats of Europe. Although stockier than most European common cats, the European Shorthair was recognized by FIFe in 1981.

BOBTAIL KOURILIEN / KURILEAN BOBTAIL

Cette race naturelle vient des îles Kouriles, à la frontière entre la Russie et le Japon. Aucune intervention humaine n'a modifié la race et leur queue particulière est le fruit d'une mutation génétique spontanée similaire à celle du Bobtail Japonais.

This natural breed comes from the Kuril Islands, on the border between Russia and Japan. No human intervention has modified the breed and their distinctive tail is the result of a spontaneous genetic mutation similar to that of the Japanese Bobtail.

KORAT

Le Korat est une race de chat originaire de Thaïlande. Ce chat de petite taille est caractérisé par sa robe de couleur bleue et ses yeux verts. Son visage est décrit comme « en forme de cœur », les arcades sourcilières formant les courbes et le menton la pointe. C'est un chat actif, intelligent et joueur, qui noue des liens forts avec les gens. Il est très vocal, avec un son différent des autres races.

The Korat is a breed of cat originating from Thailand. This small cat is characterized by its blue coat and green eyes. Her face is described as "heart-shaped", with the brow bones forming the curves and the chin the point. He is an active, intelligent and playful cat, who forms strong bonds with people. It is very vocal, with a sound different from other breeds.

MAU EGYPTIEN / EGYPTIAN MAU

Le Mau Egyptien est considéré comme l'ancêtre de toutes les races de chat, puisqu'on en retrouve des traces sur les tombes égyptiennes datant d'environ 4000 ans. C'est une race de chat à poil court, l'une des rares races de chats ayant naturellement des taches rondes sur son pelage. Elle est considérée comme une race rare.

The Egyptian Mau is considered the ancestor of all cat breeds, since traces of it can be found on Egyptian tombs dating back around 4000 years. It is a short-haired cat breed, one of the few cat breeds with naturally round spots on its coat. It is considered a rare breed.

OCICAT

L'Ocicat est une race de chat originaire des États-Unis. Ce chat de taille moyenne est caractérisé par sa robe couleur fauve tachetée rappelant celle de l'Ocelot. La race est issue de croisements d'Abyssins, de Siamois et d'American Shorthair

The Ocicat is a breed of cat native to the United States. This medium-sized cat is characterized by its spotted fawn color reminiscent of the Ocelot. The breed comes from crosses of Abyssinians, Siamese and American Shorthairs.

SINGAPURA

Le Singapura est une race de chat probablement originaire de Singapour et développée aux États-Unis. Il est caractérisé par sa robe seal ticked tabby à poil court, ainsi que par sa taille : le Singapura est considéré comme la plus petite race de chat au monde. Ses yeux en amande sont très grands par rapport à sa tête ronde, ses oreilles ont une base large avec une extrémité peu pointue.

The Singapura is a breed of cat probably originated in Singapore and developed in the United States. It is characterized by its short-haired seal ticked tabby coat, as well as its size: the Singapura is considered the smallest breed of cat in the world. Its almond-shaped eyes are very large compared to its round head, its ears have a wide base with a slightly pointed end.

SELKIRK REX LONGHAIR

C'est une mutation génétique qui est à l'origine de la frisure du Selkirk Rex. Une éleveuse américaine trouva une chatte de gouttière ayant un poil frisé, et trouva cela très intéressant. En la mariant avec ses chats Persan, elle réussit à fixer ce trait de caractère et créa la race Selkirk Rex.

A genetic mutation is the cause of the Selkirk Rex's curly hair. An American breeder found an alley cat with curly hair, and found it very interesting. By marrying her with her Persian cats, she managed to establish this character trait and created the Selkirk Rex breed.

SELKIRK REX SHORTHAIR

Dès le début, les chats Selkirk Rex ont porté à la fois des gènes à poil court et à poil long dans leur patrimoine génétique. C'est pourquoi la race du Selkirk Rex est également déclinée en version shorthair.

From the beginning, Selkirk Rex cats have carried both short-haired and long-haired genes in their genetic pool. This is why the Selkirk Rex breed is also available in a shorthair version.

ABYSSIN / ABYSSINIAN

L'Abyssin est une race de chat domestique à poil court avec un pelage tigré "ticked" distinctif, dans lequel les poils individuels sont bandés de différentes couleurs. L'origine du nom est due au fait que les premiers « Abyssins » auraient été importés d'Éthiopie, dont le nom était autrefois Abyssinie. Cependant, sa véritable origine - selon des études génétiques - aurait probablement été la côte de l'océan Indien dans certaines parties de l'Asie du Sud-Est, et son introduction en Abyssinie (et dans d'autres) s'est faite par le biais de colonialistes et de marchands faisant escale à Calcutta.

The Abyssinian is a breed of domestic short-haired cat with a distinctive "ticked" tabby coat, in which individual hairs are banded with different colors. They are also known simply as Abys. The source of the name is because the first "Abyssinians" were reported to have been imported to from Ethiopia, whose name was formerly Abyssinia. However, its true origin - according to genetic studies - is likely to have been the coast of the Indian Ocean in parts of Southeast Asia, and its introduction to Abyssinia (and others) was through colonialists and merchants stopping through Calcutta.

BALINAIS / BALINESE

Le Balinais est une race de chat domestique à poil long avec une couleur colourpoint comme les Siamois et des yeux bleu saphir. Le Balinais est également connu sous le nom de Siamois à poil long, car il est issu d'une mutation naturelle de cette race et est donc essentiellement le même chat mais avec un pelage soyeux de longueur mi-long et une queue en forme de plumeau très distinctive.

The Balinese is a long-haired breed of domestic cat with Siamese-style point coloration and sapphire-blue eyes. The Balinese is also known as the purebred long-haired Siamese, since it originated as a natural mutation of that breed and hence is essentially the same cat but with a medium-length silky coat and a distinctively plumed tail.

CORNISH REX

Le Cornish Rex, originaire de Grande-Bretagne, est issu d'une mutation spontanée. Le fondateur de la race est un mâle nommé Kallibunker trouvé au début des années 1950 en Cornouailles. Le nom de la race est une référence à sa région d'origine et à son pelage similaire à celui du lapin rex. Cette race est réputée hypoallergénique.

The Cornish Rex, originally from Great Britain, arose from a spontaneous mutation. The founder of the breed was a male named Kallibunker found in the early 1950s in Cornwall. The breed's name is a reference to its region of origin and its coat similar to that of the rex rabbit. This breed is known to be hypoallergenic.

DEVON REX

Le Devon Rex est une race originaire du Royaume-Uni. Dans les années 1960, un chaton à la fourrure bouclée est recueilli près de Buckfastleigh dans le Devon. Ce chat, appelé Kirlee, est vendu aux éleveurs du Cornish Rex, une autre race à poil bouclé tout récemment créée. Des croisements tests montrent rapidement que la mutation responsable du poil frisé des deux races n'est pas la même. Un programme d'élevage spécifique est mis en place pour créer le Devon Rex à partir des origines de Kirlee, et la race est reconnue à la FIFe en 1968.

The Devon Rex is a breed originating from the United Kingdom. In the 1960s, a kitten with curly fur was rescued near Buckfastleigh in Devon. This cat, called Kirlee, was sold to breeders of the Cornish Rex, another curly-haired breed that was recently created. Test crosses quickly showed that the mutation responsible for the curly hair of the two breeds is not the same. A specific breeding program was put in place to create the Devon Rex from Kirlee's origin, and the breed was recognized by FIFe in 1968.

DON SPHYNX

La découverte du Don Sphynx - également appelé Donskoy - remonte à 1987 lorsqu'une institutrice russe récupéra un chaton dans sa ville de Rostov-sur-le-Don. En grandissant, la chatte perdit tous ses poils, malgré les traitements des vétérinaires. Cette chatte donna plus tard naissance à une portée de chatons ayant les mêmes caractéristiques, et c'est une élèveuse, séduite par cet aspect, qui décida d'en faire une race. Les études génétiques ont par la suite montrées qu'il n'y a aucun point commun avec le Sphynx originaire lui du Canada.

The discovery of the Don Sphynx - also called Donskoy - dates back to 1987 when a russian schoolteacher found a kitten in her town of Rostov-on-Don. As she grew up, the cat lost all her hair, despite veterinarians' treatments. This cat gave birth later to a litter of kittens with the same characteristics, and it was a breeder, seduced by this aspect, who decided to make a breed of it. Genetic studies subsequently showed that there is nothing in common with the Sphynx, which originated in Canada.

ORIENTAL LONGHAIR

L'Oriental Longhair est une variété de race de chat, également appelée Mandarin ou Javanais. Il est étroitement apparenté à l'Oriental Shorthair dont il est originaire. Après la Seconde Guerre mondiale, la population de chats de race était si faible que les éleveurs ont commencé les croisements pour augmenter le pool génétique. L'Oriental Longhair est apparu pour la première fois à cette époque et a commencé à être reconnu comme pure race à part entière en 1985.

The Oriental Longhair is a variety of breed cat, also called Mandarin or Javanese. It is closely related to the Oriental Shorthair where it comes from. After the Second World War, the population of breed cats was so low, that breeders started cross breeding to increase the genetic pool. The Oriental Longhair first appear from this period, and started to be recognised as a pure breed in 1985.

ORIENTAL SHORTHAIR

L'Oriental, aussi appelé Oriental Shorthair est une race de chat originaire de Thaïlande. Il est apparenté au Siamois, il ne diffère de ceux-ci que par la couleur de son pelage - non colourpoint - et de ses yeux. Comme les Siamois, les Orientaux ont des yeux en amande, une tête triangulaire, de grandes oreilles et un corps allongé, mince et musclé. Leurs personnalités sont également très similaires. Les Orientaux sont sociaux, intelligents et beaucoup sont plutôt vocaux. Ils restent souvent joueurs jusqu'à l'âge adulte. Malgré leur apparence élancée, ils sont athlétiques et peuvent sauter très haut en hauteur.

The Oriental, also called Oriental Shorthair, is a breed of cat originating from Thailand. It is related to the Siamese, it only differs from them by the color of its coat - not colourpoint - and its eyes. Like the Siamese, the Orientals have almond-shaped eyes, a triangular head, large ears and an elongated, thin and muscular body. Their personalities are also very similar. Orientals are social, intelligent and many are quite vocal. They often remain playful until adulthood. Despite their slender appearance, they are athletic and can jump very high.

PETERBALD

Cette jeune race a été créée en 1994, à Saint-Petersbourg en Russie. Elle est le fruit d'un croisement expérimental entre un Don Sphynx et une femelle Oriental Shorthair. Le gène responsable de l'absence de poils chez le sphynx du Don étant dominant, il s'allia au physique typique de l'Oriental pour donner naissance aux premiers représentants de la race Peterbald.

This young breed was created in 1994 in Saint Petersburg, Russia. She is the result of an experimental cross breeding between a Don Sphynx and a female Oriental Shorthair. The gene responsible for the absence of hair in the Don Sphynx being dominant, it combined with the typical physique of the Oriental to give the first representatives of the Peterbald breed.

BLEU RUSSE / RUSSIAN BLUE

La race pourrait être originaire du port russe d'Arkhangelsk où elle aurait développé sa fourrure dense au cours des siècles, ce qui en ferait une race naturelle. Ces chats auraient servi sur les bateaux comme chasseur de rongeurs, et auraient été introduits en Grande-Bretagne par des marins à la fin du 16ème siècle. C'est un chat unique à la fourrure bleue et aux yeux verts, à ne pas confondre avec le Chartreux (yeux oranges) ni le Korat (semi-cobby).

The breed may have originated in the Russian port of Arkhangelsk where it developed its dense fur over the centuries, making it a natural breed. These cats are believed to have served on ships as rodent hunters, and were introduced to Britain by sailors at the end of the 16th century. It is a unique cat with blue fur and green eyes, not to be confused with the Chartreux (orange eyes) or the Korat (semy-cobby).

SIAMOIS / SIAMESE

Le Siamois est une race de chat originaire de Thaïlande, qui pourrait descendre des chats sacrés des temples de Siam (d'où leur nom). Ces chats étaient déjà représentés dans certains manuscrits retrouvés datant de 1350. Les premiers Siamois sont arrivés en Grande-Bretagne au milieu du 19ème siècle. La race a connu une grande évolution dans les années 1970 lorsque les éleveurs ont recherché un corps plus élégant et une tête plus longue, ainsi que des oreilles plus grandes et plus basses.

The Siamese is a breed of cat native to Thailand, which may be descended from the sacred cats of the temples of Siam (hence their name). These cats were already depicted in some manuscripts found dating back to 1350. The first Siamese arrived in Britain in the mid-19th century. The breed underwent a major evolution in the 1970s when breeders sought a sleeker body and longer head, as well as larger, lower-set ears.

SOMALI

La Seconde Guerre Mondiale décima les élevages britanniques d'Abyssin, puisqu'il ne restait plus qu'une douzaine d'individus. Les éleveurs furent autorisés à faire des mariages avec d'autres races, entre autres, des Persans, ce qui a introduit le gène "poils longs" dans la race. Mais ce n'est qu'à la fin des années 60 aux Etats Unis que sont ressortis les premiers Abyssins à poils longs. C'est ainsi que fut créé en 1972 la race Somali, dont le nom vient de l'interprétation unique du conflit éthiopien-somalien : puisque les frontières terrestres étaient une création humaine, les frontières génétiques entre le chat Abyssin et le Somali le sont aussi.

The Second World War decimated British Abyssinian breeding, with only a dozen individuals remaining. Breeders were allowed to crossbreed with other breeds, including Persians, which introduced the "long hair" gene into the breed. But it was only at the end of the 1960s in the United States that the first long-haired Abyssinians appeared. This is how the Somali breed was created in 1972, whose name comes from the unique interpretation of the Ethiopian-Somali conflict: since the land borders were a human creation, the genetic borders between the Abyssinian cat and the Somali are too.

SPHYNX

Le chat Sphynx est une race de chat connue pour son manque de fourrure. L'absence de poils chez les chats est une mutation génétique naturelle, et la race a été développée grâce à l'élevage sélectif à partir des années 1960. Parce qu'ils n'ont pas de fourrure, les chats Sphynx perdent plus facilement leur chaleur corporelle que les chats à poil, ce qui les rend à la fois chauds au toucher et enclins à rechercher des endroits chauds. La peau grasse facilement, ce qui rend nécessaire un lavage régulier au gant de toilette.

The Sphynx cat is a breed of cat known for its lack of fur. Hairlessness in cats is a naturally occurring genetic mutation, and the breed was developed through selective breeding starting in the 1960s. Because they have no fur, Sphynx cats lose body heat more readily than coated cats, making them both warm to the touch and prone to seeking out warm places. The skin greases easily, which makes necessary a regular washing with a washcloth.

THAĪ

Le Thaï est une race de chat nouvellement renommée mais ancienne, liée au chat Siamois. Cette race naturelle descend des anciens chats de Thaïlande et elle a conservé son apparence originelle et modérée des chats Siamois des années 1950. C'est pourquoi on l'appelle aussi parfois "Siamois ancien type"

The Thai is a newly renowned but ancient cat breed related to the Siamese cat. This natural breed descends from the ancient cats of Thailand and has retained its original, moderate appearance of the Siamese cats of the 1950s. This is why it is also sometimes called "old type Siamese"

Chats de Maison House Cats

CHAT DE MAISON POIL LONG HOUSE CAT LONGHAIR

Le Chat de Maison Longhair est le nom donné à nos chats de gouttière à poil long. Ils peuvent concourir dans les expositions et même participer aux championnats du Monde s'ils obtiennent leurs qualifications, afin de tenter d'obtenir le précieux titre de World Winner. Il a son propre standard qui accepte toutes les couleurs, et précise que le chat ne doit pas ressembler à un chat de race.

The Longhair House Cat is the name given to our long-haired alley cats. They can compete in shows and even participate in the World Show if they obtain their qualifications, in order to try to obtain the precious title of World Winner. It has its own standard which accepts all colors, and specifies that the cat must not look like a purebred cat.

CHAT DE MAISON POIL COURT HOUSE CAT SHORTHAIR

Le Chat de Maison Shorthair est la version poil court du Chat de Maison Longhair. Ils ne concourent pas ensemble avec les poils longs, mais partagent le même standard de race. Pour pouvoir participer, les Chats de Maison doivent être stérilisés au-delà de 10 mois.

The House Cat Shorthair is the short-haired version of the House Cat Longhair. They do not compete together with longhairs, but share the same breed standard. To be able to participate, House Cats must be sterilized after 10 months.
